# The Darien

Model # D248 c

Total 1,869 Sq. Ft.

The front entry enjoys a spectacular view through the great room to the bank of windows overlooking the back yard. An optional tray ceiling defines the great room, which is open to the dining room and a kitchen with a large island. It is wonderful entertaining space!

There are so many closets for so many functions! The master closet is super-efficient, with an abundance of hanging space, shelves, and a full-length mirror on the end of built-ins.

Tucked away from the commotion of family living, Bedroom 3 can be flexed to accommodate a home theater, library or craft room.

## How this home lives

\*Elevations may include optional features.
