# The Denfield

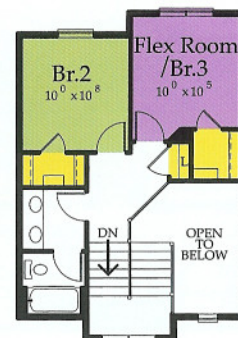

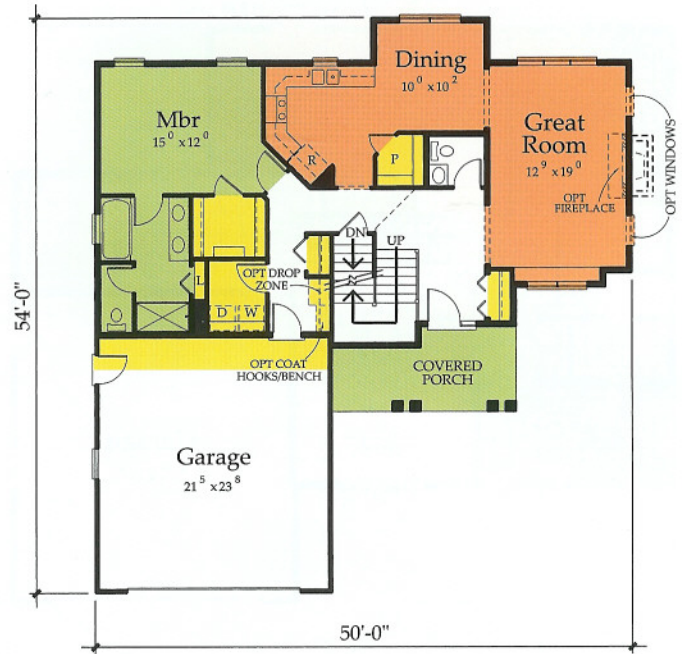

Model # D440 c

Main – 1,290 Sq. Ft. / Second – 513 Sq. Ft. = Total 1,803 Sq. Ft.

This home feels open, yet has a subtle separation between the great room and kitchen/dining areas. The powder bath is located close to the socializing area, making it convenient for family and guests.

With the master suite on the main floor, this can easily become an empty nester home as upstairs bedrooms flex into a guest suite, exercise room, office or craft/hobby area.

Take a peek at the large, walk-in pantry – unbelievable!

## How this home lives

- Socialize
- Relax
- Organize
- Flex

\*Elevations may include optional features.
