# The Denmark

Model # D298 c

Total 2,022 Sq. Ft.

This 3-bedroom home easily converts to an empty nester home. Bedrooms 2 and 3 flex into a guest suite with a full bath and a kitchenette in Bedroom 2's closet.

The socializing space is large and dramatic – a great space for entertaining. The rear foyer, laundry, walk-in pantry and linen closets provide ample storage.

The sitting area in the master provides a relaxing retreat, and the his-and-her sides to the master closet keeps stress levels down!

## How this home lives

\*Elevations may include optional features.
