The Dillard

Model # D215 c

Total 1,753 Sq. Ft.

What a dramatic socializing space! From the big, walk-in pantry, the large island, angled walled dining and open great room, this area makes a statement.

This is also a great relaxing house with a well-appointed master suite and a large, covered porch.

You cannot have too much storage, and this house supports that! Look at all the yellow colorized areas – great for keeping your home organized!
