Main – 952 Sq. Ft. / Second – 1,052 Sq. Ft. = Total 2,004 Sq. Ft.

What an efficient second level! Each bath has a linen and the bath for the secondary bedrooms is compartmentalized, which keeps the kids happy! The optional desk can be used as a reading niche, computer zone or study area.

The flex bonus room is fantastic. It can become a family activity center for watching movies, playing games, crafting or a family hobby. With a sink close by, it could even be a great space for finger painting!
