The Durant

Model # D280 c

Total 1,975 Sq. Ft.

This adaptable plan is ideal for the family with teenage children. The bedrooms enjoy easy access to a compartmented bath (which eases bathroom gridlock). Later, when the children leave for college or begin adult lives, the rooms easily become a guest suite, his-and-her offices or an exercise room and den.

A rear foyer, big closets, linens, walk-in pantry and a large laundry room make this house an organizer's dream.

How this home lives

- Socialize
- Relax
- Organize
- Flex

*Elevations may include optional features.
